

Raising the Roof

Habitat for Humanity of East and Central Pasco County continues to build affordable homes during this new normal. Several families are in the pipeline and Habitat hopes to build 8 homes in fiscal year 2021. Your support of affordable housing is critical for Habitat to be able to help families in need of a safe and affordable place to call home.

Habitat Family News

Meet Habitat's newest home buyer, Heather Knapp and her son, Aiden. Heather works for Pasco County Schools. Aiden is a Cub Scout and enjoys arts and crafts.

"I heard about habitat through my friend Raeven Harris, our boys are in cub scouts together. I applied for habitat because we were having a hard time finding big enough apartments in our price range, and the idea of having a place to call our own and the stability that comes with it is a huge blessing." said Heather. "We are most excited about turning this house into our home, and making amazing memories doing what we love which includes cooking, growing our own veggies and plants, and doing a ton of arts and crafts."

Welcome to the Board

Welcome Sarah Schrader to Habitat's Board of Directors! Sarah has been a long time supporter of Habitat and the Women Build. She is the Owner/Vice President of San Antonio Lumber Co. Thanks Sarah for being a part of Building Hope in your community.

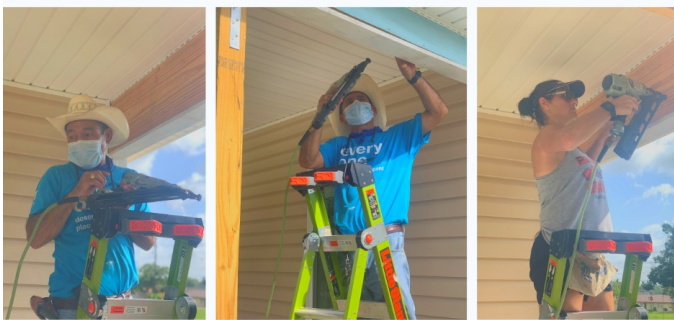

Habitat welcomes Candy Nathe to the Board of Directors! Candy is a Broker at Florida Heritage Real Estate Group. Candy has been volunteering with Habitat since 2014. We are so grateful for those who volunteer their time and talent to help guide Habitat's ministry.

You Can Make a Difference

EVER WANTED TO VOLUNTEER AT HABITAT?

We will Teach YOU!

Volunteering During COVID-19

Volunteering on a Habitat work site is a bucket list item for many people. Are you one of them?

Some folks think that they need to have construction experience or skill but that's just not true!

Habitat's Construction Director Jose Garcia is a kind and patient volunteer leader. He will walk you through everything that you need to do on your volunteer day and show you how to use those intimidating tools. No one will ask you to do anything you aren't comfortable doing but if you really want to learn, Jose will show you.

Habitat is allowing volunteer groups of 8 or less to come out and volunteer. It's been a tough few months with COVID-19 keeping us at home. Getting outside and volunteering is just what you need to beat those COVID blues. Safety precautions are taken at the job site. Contact Jere Ferguson at jferguson@habitatpasco.org to find out more.
